

Why choose RingCentral? Here's 300,000 reasons

Every day, more than 300,000 businesses rely on the RingCentral cloud business phone system to power their business communications. RingCentral is proven at cutting costs while better connecting mobile and distributed workforces with the highest quality service.

300K happy customers

With 5 times more customers than any other provider, no one else comes close to delivering the reliability, quality, and support that your business demands. In fact, RingCentral is so confident you'll be satisfied they're one of the only providers to offer a 30-day money back guarantee.

99% customer retention

If there's one thing customers love most about RingCentral, it's that it's packed with every feature they want combined with the simplicity and reliability they need—simple to set up, simple to update, and simple to maintain. And, with 99.999% uptime, RingCentral delivers the reliability they expect.

Hear what customers say

Past performance is one of the best indicators of how well a cloud business phone solution will perform for you in the future. There's no substitute for real customer insights.
